

State of California
AIR RESOURCES BOARD
Executive Order G-096-029-037
Equipment Precertification of
Laser Touch and Technologies, LLC's
Laser Touch Model LT-B512

WHEREAS, the Air Resources Board (ARB) has established a statewide Equipment and Process Precertification (Precertification) Program to assist air pollution control and air quality management districts in meeting the requirements of the Air Pollution Permit Streamlining Act (California Health and Safety Code section 42320-42323);

WHEREAS, the ARB has been given the authority under California Health and Safety Code section 39620 to develop and implement the Precertification Program, which consists of a preliminary engineering evaluation of equipment or processes and provides recommended operating conditions;

WHEREAS, this Precertification does not constitute an air pollution permit or eliminate the responsibility of the end user to comply with all federal, state, and local laws, rules, and regulations;

WHEREAS, Laser Touch and Technologies, LLC has requested a Precertification of the Laser Touch Model LT-B512, an add-on peripheral device for paint spray guns;

WHEREAS, Laser Touch and Technologies, LLC identified the following Precertification standard regarding the performance of the Laser Touch Model LT-B512: when using Laser Touch Model LT-B512 with an Accuspray Model 19 high volume, low pressure paint spray gun, in accordance with the Laser Touch manufacturer's instructions, the volume of a single-stage polyurethane enamel was decreased by an average of 15 percent therefore a corresponding volatile organic compound emissions reduction of an average 15 percent can be assumed;

WHEREAS, this Precertification is valid only when the Laser Touch Model LT-B512 is manufactured, installed, operated, and maintained in accordance with manufacturer's instructions;

WHEREAS, I find that the Applicant, Laser Touch and Technologies, LLC, has met the requirements specified in Title 17 California Code of Regulations section 91400 which incorporates the ARB's Criteria for Equipment Precertification (adopted June 14, 1996) and has satisfactorily demonstrated through independent testing that the Laser Touch Model LT-B512 described in the application meets the identified Precertification standards;

WHEREAS, this performance Precertification is subject to all conditions and requirements of the ARB's Criteria for Equipment Precertification, including the provisions relating to suspension and revocation;

WHEREAS, marketing of this device using an identification other than that shown in this Executive Order shall be prohibited unless prior approval is obtained from the ARB. Any oral or written references to this Executive Order or its content by Laser Touch and Technologies, LLC, its principals, agents, employees, distributors, dealers, or other representatives must include the disclaimer that this Executive Order is not an endorsement or approval of the Laser Touch Model LT-B512. No claim shall be made, such as "Approved by the Air Resources Board," with respect to any advertising or other oral or written communication. It is only a finding that the Laser Touch Model LT-B512 meets the identified Precertification standard, as specified in the evaluation report for application number 02260101;

WHEREAS, this performance Precertification shall expire three years from the date of this Executive Order, unless renewed;

NOW THEREFORE, IT IS HEREBY ORDERED, that the performance Precertification, Executive Order G-096-029-037, executed at Sacramento, California this 14th day of February, 2002, is hereby granted.

Michael P. Kenny
Executive Officer
